Rubik’s Cube and Pi Memorising Competitions

Students from other schools are cordially invited to join us for two fun-filled competitions.

Both competitions will be held on a Thursday afternoon from 3:30-4:30. They are informal, and it is OK to turn up late if you need time to get here after your school finishes. Please bring your afternoon tea if you will be hungry. Parents are welcome, but if you don't bring your parent, then do bring a permission note. You may leave early, if collected by a parent or guardian, but then you won't know who has won.

It is important that you RSVP, so we have enough prizes, and don't finish the competition without you.

The first competition will be on Thursday the 18th of February from 3:30-4:30. There will be prizes for the fastest cube solvers and the most interesting cube pattern creators.

The second competition is on Thursday the 17th of March. Prizes are awarded for memorising digits of Pi. There will be bookmarks, knitted scarves and other prizes.

Please RSVP the following details to caroline.evers@ed.act.edu.au

Name ____________________________________________

School __________________________________________

Year _________

Will parent be attending too? Y/N (If No – please bring permission slip)
