

## **COVID19 Update for Dickson College 7 May 2020**

Dear Students and families,

Please see the attached letter from the Director General of Education Ms Katy Haire about the recent announcement to begin a staged return to on campus learning from Monday 18 May.

For our college I draw your attention to the following point in the letter:

- Year 11 and 12 students will attend a combination of on-campus and remote learning, with colleges making arrangements to support learning on-campus for students and subject matters that require it.

As a school we have already begun planning what this staged return looks like for our students, our staff and our community. This includes what the on-campus support looks like for the remaining weeks of term 2, and as we move into the end of semester assessment period. For now, students should continue with their work online. I will communicate our transition plans with you in more detail next Wednesday so that you can plan for the weeks ahead.

Until next week please take care, stay connected, and for all the Mums out there, I hope you have a lovely day on Sunday.

Regards

Craig Edwards  
Principal
